GIVEN GLAD HAND BY TONOPAH PEOPLE

Herbert C. Dowler was presented with the glad hand and the freedom of the camp on the occasion of his departure yesterday for France to assume a position with the Y. M. C. A. The demonstration upturn and the depot was as enthusiastic as any that preceded it. In a brief speech at the depot Judge Averill, who, as a member of the Tonopah Rifle club, carried the reversed rifle of the departing associate, presented Mr. Dowler with a silver cigarette case and a package of the makings which will serve him for many weeks after saying farewell to the shores of America. Mr. Dowler tried to express his deep gratitude but closed by telling the boys they knew how it was themselves and that, after all, he was not an orator.

TO SEND OUT FIRE WEATHER WARNINGS

C. D. Asher, U. S. weather observer, received instructions this morning to begin issuing fire weather warnings to everybody in the vicinity of this station. This precaution is taken to aid in eliminating causes of fire by warning campers and others of existence of dangerous conditions. These notices are sent out from a district center and are circulated when the rangers report dryness of foliage conducive to combustion. The notices convey wind direction, humidity and other elements useful to ranchmen, stock rangers and others in the vicinity of the forested area.

COUNTY CONVENTIONS URGED TO ADOPT PEACE WITH VICTORY PLANK

Hugh Henry Brown, of the national executive committee of the League to Enforce Peace, has addressed the following letter to the several state and county conventions to be held in Nevada in September, 1918, and to the officers and members thereof, and to the chairman of the several state and county central committees: Gentlemen:

The purpose of this communication is to request that you include in your state and county platforms a plank in support of the non-partisan proposition that the people of our state are in favor of America's war aim embodied in the idea of a league of nations, as espoused by, and defined in, President Wilson's several pronouncements on that subject.

The following tentative draft of such plank is suggested:

"We declare that it is the supreme task of the civilized world to crush insolent attempt of German autocracy to substitute military dictatorship for self-government and the right of independent thought. The world must be made safe for democracy by the defeat of German militarism. We want no peace with out victory and we demand victory so complete and conclusive that military ambition will be forever silenced and a peace secured that will make an end of war. The world must be kept safe by the co-operation of the major force of mankind, and that force should be organized as a league of nations to keep the peace of the world. And we favor

PROMOTION FOR WILLIAM CUDDY

William T. Cuddy, of Tonopah, who enlisted in the marine corps where he now ranks as corporal, with the prospect of becoming a sergeant at an early date, writes his father from Galveston, Texas, announcing his arrival at that station after a protracted sea voyage on a government transport which carried 2000 men. In the course of the voyage the boys visited Haiti, San Domingo and St. Thomas, in the Virgin Islands, the former Danish possessions. Will, who is a graduate of the Tonopah high school, states that he and ten others are going to be sent to Norfolk, Va., to take special training for sergeants. The letter is written on the stationery of the "United Girls for Democracy Hostess House, Under the auspices of the Mother's Committee." Will's address will not be known until after his change of base, but his title is given as Corporal William T. Cuddy, 72d Co. 7th regiment, U. S. marines.

Trawlers Net a U-Boat.
A Dutch newspaper prints the story of a German U-boat which was caught in a British trap and towed into a British port. The story comes from a member of the U-boat's crew who escaped from England and is interned in Holland.

"We had sighted some English fishing boats off the English coast and were maneuvering for attack, when their curious movements led us to suspect a trap, so we dived. We proceeded slowly, but presently the screw began to beat irregularly and the commander could not make out what had happened.

"After about two hours the water seemed curiously still, and the commander decided to come to the surface. When we emerged we were alongside a quay where stood a number of smiling British sailors. We were in a British port, towed in like a dead fish."

Earth Tremors Due to Thunder.
A peculiar effect of thunder was recently reported to the weather bureau by Douglas F. Manning of Alexandria Bay, N. Y. During the storm, which prevailed in the evening, each rumble of thunder caused windows and doors to rattle, chinaware to jar, and tremors in the earth simulating the shocks of an earthquake. Many persons thought that an earthquake was in progress. The weather bureau states that since "musical" notes of very low pitch and great volume are sometimes produced by a series of sequent or pulsating lightning discharges, the shaking described was probably due largely to the resonant response of rooms to thunder notes of this character.

Machine Gun Noisy as Riveter.
A machine gun makes a noise like a riveter. A doctor near the front writes in the Yale Alumni Weekly: "It was fully two weeks, I think, that I wondered where any structural iron work could be going on here and why the riveter worked in such short spells—then I suddenly realized that it was a machine gun instead of a riveter. It is just the same sound—like a very noisy woodpecker on a hard, hollow tree."

PERSONAL

MRS. MARGARET DAY arrived this morning from Reno.

NICK R. SCHADE returned today from delivering a prisoner at Carson City.

WILLIAM McDONALD was among take arrivals this morning from the coast.

JULE SMITH of the Butler theater, is home again after a flying trip to the coast.

MARTIN KENNEDY, who was operated on for appendicitis, is making rapid progress to recovery.

JESSE CHRISTENSEN, postmaster at Beatty, was a passenger for the Riverside city yesterday.

DR. R. H. CRAIG of Goldfield was a visitor today as the guest of Dr. Grigsby.

MRS. O. E. SCHIFFNER was a visitor from Millers today and returned this afternoon.

J. F. BRADLEY, general manager of the Pittsburg Silver Peak Mining company, left today for the coast.

MRS. MAUD COULTER was the guest yesterday of Mr. and Mrs. L. L. Mudgett on a picnic trip to Klondike and a later visit to Goldfield.

A. J. HART of Silver Bow arrived Sunday morning from Carson City and Gardnerville and continued on to his ranch.

MISS ALICE FERRARI returned this morning from Reno where she had an enjoyable visit with Mrs. Frank Meyer.

SAM PICKETT, candidate for the nomination for governor on the Democratic ticket, is taking in the country for a few days.

MR. and MRS. CHARLES SOUTH-WORTH of Manhattan, motored in from their home yesterday and continued on to Los Angeles where they will spend a short vacation.

MR. and MRS. H. Z. PETERS left Sunday morning to make their home in Sacramento. Mr. Peters was employed as hoist engineer at the Victor shaft.

DANIEL J. ROBB is visiting his relatives back in Brookline, Mass., where he has not been for thirty years. He expects to remain away another month dodging submarine shells at the Atlantic coast resorts.

MISS OLIVIA SANDERSON, money order clerk of the Goldfield postoffice, spent Sunday in Tonopah visiting her niece, Mrs. E. Z. Ethier, after enjoying a vacation in the Reese River country.

FREDERICK BRADSHAW, general manager of the Belmont; John G. Kirchner, of the Tonopah Extension, and Charles Knox, of the Montana-Tonopah, were passengers for Reno Sunday morning to attend the gold producers' conference.

FINE GOLD BRICK RETURNS FOR THE WHITE CAPS CO.

The First National bank today received the mint return from the last gold brick shipped by the White Caps company. The value was \$15,276 and the shipment was made a week ago.

Trophies of German Airman.
From an illustration appearing in a recent issue of La Guerre Aeronautique it is gathered that Baron von Biechthofen, the well-known German in command of a German fighting squadron or "flying circus," has a special hobby for souvenirs of his combats. The walls of his "den" are decorated with the numbers or distinguished marks of machines he has shot down, while the chandelier consists of a rotary engine from a victim's machine. Scientific American.

WHAT'S WHAT

By L. L. Mudgett

Vol. 2. Tonopah, Aug. 12, 1918. Vol. 9

There are three good things coming up and there are three good reasons why they should interest you:

1. At the Butler theater tonight, Jule Smith is putting on a picture which should be seen by every man, woman and child in Tonopah. It shows why we entered the war and why we cannot quit until the Hun is on his back. This picture is a part of world history.

2. Tomorrow night at the Airdome you will see Cleopatra, one of the greatest spectacular dramas ever produced. To see this picture you not only enjoy a splendid treat in the way of entertainment, but you will be contributing to the success of two young men who have been most generous in supporting the patriotic spirit of Tonopah. On all occasions they have given free use of their hall to the council of defense and this is our chance to show the boys that their generosity is appreciated. We hope to see the house filled to overflowing.

3. On Thursday, the 22nd, at the Butler, which, by the way, has been donated free of charge for the occasion, there will be a splendid entertainment given by Prof. Roy Cross under the auspices of the council of defense. The picture of the Fourth of July pageant, which was taken by Wiley Kelley without any charge for his services, but which cost over \$200 for films, etc., will be shown as a feature and in addition to that the greatest of all war pictures, "Pershing's Crusaders in France," will be shown. There will also be a fine vaudeville entertainment furnished by local talent, as well as a nine-piece orchestra. The surplus receipts are to furnish funds for the girl scout outing trip. Seats will be reserved at 50 cents and should be secured from the girls in advance.

U. S. SUPREME COURT AFFIRMS NEVADA DECISION
Yesterday Will Kennett, clerk of the supreme court, received a mandate from the clerk of the supreme court of the United States, in which it affirmed the decision of the Nevada supreme court in the case of the Jim Butler Mining company vs. the West End Mining company, says the Carson News.

The Nevada court decided in favor of the West End people, whereupon the Jim Butler people took the matter up to the supreme court at Washington. The mandate to the Nevada court reads as follows:

"It is now ordered and adjudged by the court that the judgment of the supreme court of the state of Nevada in this case be, and the same is hereby affirmed with costs and said respondent, West End Consolidated Mining company, recover against the said appellant, Jim Butler Mining company for its costs herein expended and have execution therefor."

WRIT IS DENIED
In the case brought by the state before the supreme court to secure a writ compelling county clerks to place the names of non-partisan candidates on the primary ballot, a decision was reached late Saturday denying the writ.

AMUSEMENTS

AT THE BUTLER THEATRE

Owing to length of today's program it will be necessary to start the first show at 7 o'clock sharp and the second show at 9. See Germany, her Kaiser and her war lords as Ambassador Gerard saw and knew them, and you will know why America is in this war. He tells all about it in his feature photodrama, "My Four Years in Germany." It is a picturization of his four years of almost daily association with the Kaiser and his fellow plotters against civilization. It is fact, not fiction, a true page from current history, and the most amazing motion picture that has ever been presented to the public. It is your patriotic duty to see "My Four Years in Germany" tonight. President Wilson says, "Show this picture to the American people and you will wipe Kaiserism from the face of the earth." "My Four Years in Germany" is in ten massive parts laying bare the vilest ambitions of history's maddest murderer king—the Kaiser, the most hated man in the world. See how he planned to divide up America. Learn the truth from the man who knows.

CLEOPATRA AT AIRDOME
To make accurate her portrayal of Cleopatra, sovereign queen of Egypt, for William Fox's Theda Bara superpicture, "Cleopatra," Miss Bara studied many books and paintings.

There is only one authentic representation of Cleopatra in the world, and that is a bust in the British museum. A few coins bear a likeness of the queen, but none of these show good workmanship.

Cleopatra, Miss Bara found, was completely of Greek descent. It is to be supposed, therefore, that she resembled the Greeks in appearance, more than the Egyptians. Most women of Macedon, the region from which the siren of the Nile was sprung, are fair-haired and blue-eyed. It is logical to presume, therefore, that Cleopatra followed the race.

"Her beauty," Plutarch said, "was not in itself altogether incomparable, nor such as to strike those who saw her."

"Cleopatra's charm and personal magnetism were her greatest qualities. She was small in stature, highly cultured, and possessed a voice which has rarely been equaled in her beauty of tone. By the perfection of its modulations, it was at all times wonderfully persuasive and seductive."
